

SEASON 5 - Week 26

# HOUSE MATTERS CHAMPIONSHIP

## ***Coming Soon...***

Pie Factory is this year's  
**Business Enterprise House  
Challenge.**

Can you make business decisions  
in order to make the most profit?

The challenge starts on 3<sup>rd</sup> June.  
See Mr Brownsword in T22 for  
instructions and an entry pack.

# Challenge outline

Playing Pie Factory is very simple. You have to decide **how many pies to produce each week** and **what price to charge for your pies**.

Both of these decisions will influence how many pies you sell and the amount of profit you make.

A key business theory to consider is the relationship between the price of a product and the demand for the product. Understanding this will be the key to success.

You must also consider the costs involved in making the pies (you will be provided with this information). If your cost are greater than the money (revenue) you earn from selling the pies, you will be making a loss!

Good luck and enjoy the opportunity to practice making business decisions that involves risk and reward.
