What Career are you in, and what sort of things does this entail?

I am a primary school teacher and have been teaching for 4 years. I taught in Year 1 for three years and now I have a year 3 class.

What inspired you to go into your chosen career?

I always wanted to teach

What advice would you give to anyone interested in working in your career area?

Find a place of work where it allows you to be happy, whole heartedly and well being is at the forefront of their pedagogy.

What do you know now, that you wish you'd known when you were leaving Malbank?

That life isn't straight forward. If something doesn't go right, it seems like the end of the world. Get back up and keep going. I have also learnt how to say 'no' seems so simple but in the world of work, it is never easy to say.
