

Malbank School & Sixth Form College

Rejoice in being the best that we can be.

Dear Parents/Guardians,

With the holiday season approaching, we at Malbank School & Sixth Form College are excited to share a few gift ideas that could support both your child's learning and our school's resources.

Books as Christmas Gifts

Books make wonderful, educational gifts that can inspire and engage students over the holiday break. If you are considering gifting books to your child this Christmas, we would like to suggest browsing through *LoveReading* and *LoveReading4Kids*. These websites offer a fantastic range of titles suitable for all ages and interests, from novels and non-fiction to classics and new releases.

By purchasing through *LoveReading* websites, not only will you be providing your child with the gift of reading, but a portion of the proceeds will be donated to our school. This contribution will help us expand our library collection and provide more learning materials for our students. You can explore their book selection at www.lovereadings.co.uk and www.lovereadings4kids.co.uk.

First News – News for Kids

We also want to highlight *First News*, an award-winning news publication for young readers. Aimed at children aged 7-14 (but accessible to all ages), *First News* offers age-appropriate and impartial news, available in print or via their app. This engaging format helps children stay informed about current events in a way that they can understand and explore, developing their reading and critical thinking skills.

Our school subscribes to *First News*, and we've seen firsthand how it supports students' literacy and oracy skills by making them excited to learn about the world around them. This holiday season, if you're looking for a unique gift, we highly recommend considering a *First News* subscription. For each subscription purchased using our referral link, *First News* will contribute £10 to our school.

To explore *First News* and order, please use our unique link here: [First News Christmas Offer](#).

Thank you for your support in enriching our school's learning resources. Wishing you and your family a joyful holiday season filled with wonderful stories and meaningful learning experiences.

Warm wishes for a happy holiday season,
Malbank School & Sixth Form College
